| Fromdate Age       | <p>Groups this charge into a particular age category based on its Fromdate. In this context, age is defined as the number of days that have passed since the charge's Fromdate. The age category thresholds are as follows:</p> <ul style="list-style-type: none"> <li>• Less than 30 days</li> <li>• 31 to 60 days</li> <li>• 61 to 90 days</li> <li>• 91 to 120 days</li> <li>• 121 to 150 days</li> <li>• 151 to 180 days</li> <li>• 181 to 365 days</li> <li>• Over 1 Year</li> </ul> <p>Note: When each category is displayed it will be preceded by an alphabetical letter denoting its order in relation to each other age category. These letters are only used for proper ordering on reports and should otherwise be ignored</p>            |
| Incomplete?        | <p>Displays Yes if the Incomplete option is selected on this charge's claim.</p> <p>Displays No otherwise.</p>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                        |
| Inventory Code     | <p>Displays the Inventory Code associated with this charge.</p>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                       |
| Last Bill Date     | <p>Groups this charge into a particular age category based on its Last Bill Date. In this context, age is defined as the number of days that have passed since the charge was last billed. The age category thresholds are as follows:</p> <ul style="list-style-type: none"> <li>• Less than 30 days</li> <li>• 31 to 60 days</li> <li>• 61 to 90 days</li> <li>• 91 to 120 days</li> <li>• 121 to 150 days</li> <li>• 151 to 180 days</li> <li>• 181 to 365 days</li> <li>• Over 1 Year</li> </ul> <p>Note: When each category is displayed it will be preceded by an alphabetical letter denoting its order in relation to each other age category. These letters are only used for proper ordering on reports and should otherwise be ignored</p> |
| Set to Status Date | <p>Displays the date when the current charge status was updated in the system.</p>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                    |
| Modifier 1         | <p>Associated with the first Modifier on this charge. This can be found in the M1 field on each charge line.</p>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                      |
| Modifier 2         | <p>Associated with the second Modifier on this charge. This can be found in the M2 field on each charge line.</p>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                     |
| Modifier 3         | <p>Associated with the third Modifier on this charge. This can be found in the M3 field on each charge line.</p>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                      |

|                    |                                                                                                                                                                                                                                                                                                                                                                                                                                                             |
|--------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Modifier 4         | Associated with the fourth Modifier on this charge. This can be found in the M4 field on each charge line.                                                                                                                                                                                                                                                                                                                                                  |
| Modifier List      | <p>Displays a concatenated list of all 4 modifiers associated with this charge. For example, if this charge has:</p> <ul style="list-style-type: none"> <li>• Modifier 1 = A</li> <li>• Modifier 2 = B</li> <li>• Modifier 3 = C</li> <li>• Modifier 4 = D</li> </ul> <p>Then this report field would display: "A B C D".</p>                                                                                                                               |
| POS Code           | Displays the POS code associated with this charge.                                                                                                                                                                                                                                                                                                                                                                                                          |
| POS Description    | Displays the description of the POS code associated with this charge.                                                                                                                                                                                                                                                                                                                                                                                       |
| Rev Code           | Displays the Rev Code associated with this charge. Note: Rev Codes are only applicable to charges on institutional claims.                                                                                                                                                                                                                                                                                                                                  |
| Status (w/ Payer)  | <p>Displays the current status of this charge, substituting the current payer's name in place of the word [Payer]. Specifically, the current payer's name will appear in the following statuses:</p> <ul style="list-style-type: none"> <li>• Send to [Payer] via Clearinghouse</li> <li>• Claim at [Payer]</li> <li>• User Print &amp; Mail to [Payer]</li> <li>• Pending [Payer]</li> <li>• Appeal at [Payer]</li> <li>• Denied at [Payer]</li> </ul>     |
| Status (w/o Payer) | <p>Displays the current status of this charge without the current payer's name. This means that the following charge statuses will display exactly as they appear in the following list:</p> <ul style="list-style-type: none"> <li>• Send to Insurance via Clearinghouse</li> <li>• Claim at Insurance</li> <li>• User Print &amp; Mail to Insurance</li> <li>• Pending Insurance</li> <li>• Appeal at Insurance</li> <li>• Denied at Insurance</li> </ul> |
| TOS Code           | Displays the TOS code associated with this charge.                                                                                                                                                                                                                                                                                                                                                                                                          |
| TOS Description    | Displays the description of the TOS code associated with this charge.                                                                                                                                                                                                                                                                                                                                                                                       |
| First Bill Date    | Displays the date on which this charge was first billed.                                                                                                                                                                                                                                                                                                                                                                                                    |
| From Date          | Displays the From Date of this charge.                                                                                                                                                                                                                                                                                                                                                                                                                      |
| Last Bill Date     | Displays the date on which this charge was most recently billed.                                                                                                                                                                                                                                                                                                                                                                                            |
| To Date            | Displays the To Date of this charge.                                                                                                                                                                                                                                                                                                                                                                                                                        |
| Entered Age (Days) | Displays the number of days that have passed since this charge's Entered Date.                                                                                                                                                                                                                                                                                                                                                                              |
