8. Click Save. The claim is now split into two claims.

> ✨ Users can only split one claim into two. If they want to split more than that, they can re-open the claim after they've split it once to split it again.

Check Claim Status

Claim Status provides the capability for users to submit status requests and receive responses in real-time regarding their claims. The claim status response provides information about your claim within the payer's adjudication process, including how much is being paid on the claim once approved. Users can retrieve this information within the CollaborateMD application without having to contact the payer. There are no additional fees for this service.

Claim status can be verified for any claim that meets the following criteria:

1. The payer supports electronic Real-Time Claim Status (RTCS).

2. The claim was submitted electronically to the payer.

3. The claim status must be set to *"Claim At Insurance."*

> ⚠ Depending on the payer, an agreement may need to be filled out prior to checking claim status. Please refer to our Payer Agreements Help Article for more information.

Follow the steps below to check claim status.

1. Select **Claim** > **Claim**.

2. Use the **Search** field to search for your claim.
