

First Pass Resolved Claims Report

† Modified on 06/27/2024 12:05 pm EDT

Description: The First Pass Resolved Claims Report displays a list of claims that are resolved on the initial submission's first pass. This report shows patient info, claim ID, charge dates, TCN#, claim activity total amount, primary allowed amount, and times billed. Additionally, the report shows if it was submitted in the first submission and if it was resolved on the first pass.

Limitations: Does not include deleted charges. This report only includes first submission claims sent to the primary payer.
