

# Manage Pay Over Time with Sunbit

† Modified on 03/30/2025 5:45 pm EDT

Sunbit helps practices and billing services eliminate the stress of managing in-house payment plans by offering a pay-over-time option for patient invoices. Providers can now offer their patients financing without assuming any financial risk, as they receive the full amount within 72 hours. Sunbit manages all patient billing, allowing providers to reduce time in accounts receivable and minimize collection efforts. Patients can easily request financing directly from the payment portal.

**Important Note:** You must have the **In-App Credit Card processing** and the **Patient Payment Portal** features enabled and configured in order to use **Pay Over Time with Sunbit**. For more information on turning these services on, please visit our [Manage In-Application Credit Card Processing](#) and [Manage your Patient Payment Portal Help Articles](#).

If you're the Auth Rep, follow the steps below to enable or configure Pay Over Time with Sunbit:

1. Select **Account Administration > Services**.
2. Click the **button** next to Pay Over Time with Sunbit.
3. Click the **Activate Now** button.

## Pay Over Time with sunbit

 This service is included in your account's price plan

The average American can't afford a \$400 unexpected expense, resulting in patients partially paying or delaying payment and an overall hardship on your patients. CollaborateMD and Sunbit have partnered to help you increase your collection rate, create office efficiency and build better patient relationships, with buy now, pay-over-time flexible payment options embedded into your CollaborateMD patient experience.

### \*Why Sunbit\*

Sunbit is the preferred buy now, pay-over-time consumer financing technology for everyday needs, offering access to fast, fair, and transparent payment options to 90% of patients.

- 90% of patients approved (no late fees)
- 0% APR option presented to all approved patients
- Providers are paid upfront and in full no later than 5 business days after patient selection (non-recourse)
